OUR STORY

BUILT ON 35 YEARS OF EXPERIENCE

Motorcraft understands the unique demands of overland vehicles across a variety of terrains. We build expedition RVs designed to withstand the elements, ensuring reliability no matter where in the world your journey takes you. Our vehicles provide a comfortable living space, allowing you to embrace the slow life and adventure without the worry of your vehicle letting you down. With Motorcraft, you're in good hands every step of the way.

“

AN EYE FOR DETAIL ISN’T A GIFT, IT’S A PUNISHMENT, BECAUSE YOU MUST DEAL WITH EVERYONE WHO DOESN’T HAVE IT.

Ian Parkin-Coates

DESIGN

FORM WITH PURPOSE

Each vehicle exterior is meticulously designed to achieve maximum functionality, whilst maintaining style and discretion.

Some examples of this are the external slide out kitchen neatly stowed within a custom side locker, or the hydraulic stabiliser legs tucked up within the chassis, ready for levelling the body when you have determined where your next camp will be.

Upon finding the perfect spot, the electric awning can be deployed to create a covered area to relax. The rear lift provides an elegant and versatile storage solution, accommodating equipment such as a dirt bike while seamlessly housing the spare wheel.

EXPLORE THE POSSIBILITIES

LOWERING MOTORBIKE LIFT PLATFORM

CAPABILITY

TWO IDEAS. ONE CLEAR CHOICE.

FOR THE SUN SEEKER

From the patio doors within the living area, an automated decked rear terrace with erecting safety fences. This area creates the perfect place to relax and watch the sun go down. The steps allow access from the ground level, creating an inviting atmosphere for friends. Below deck is a custom fabricated concealed storage box designed to house a Motorbike or a collection of mountain bikes.

FOR THE BUSH MECHANIC

The ultimate utility belt for your expedition vehicle, the automated rear lift is the ideal place for housing tools and other equipment. Along with the vehicle's spare wheel, a collection of custom storage lockers allows you to easily access your tools on the go. Keeping your land yacht in working order the rear lift, sitting 7ft above the ground, is a secure place to keep all the equipment you might need.

INTERIORS

DESIGN

THE HOME FROM HOME

Each vehicle interior is carefully thought out, down to the last cupboard latch.

A range of luxury materials are blended to create a warm, bright atmosphere. Ensuring you are within ultimate comfort, allows you to focus on what's important. The view.

With the Signature Collection, the sky is the limit in terms of layouts and design language. You have the ability to create one of one interiors which are critically homed into your wants and needs.

Miele

LIGHT AND SPACIOUS

Comfortable and accommodating. Create a great space and make memories.

CRAFTSMANSHIP

THE DIFFERENCE IS IN THE QUALITY

From discussing your dream design with our global sales team, to receiving the first revision of 3D renders, to taking the keys on collection day. The full process puts you in the center of importance, making your buying experience one to remember.

Our team work tirelessly, throughout different time zones to deliver, making your imagination a reality.

Almost anything is possible and no two builds are alike.

Patience provides perfection.

COMFORT CONSIDERED

COOKING PRO

Full electrical system including induction hob and electric multi-function oven.

EASY CLEAN

With a full-size dishwasher and sink, cleaning up is quick and easy, allowing you to get back to what's important.

AND... RELAX

Sit back in your luxury seating area. Listen to your favourite music through the premium audio system whilst taking in the landscapes.

ENERGY SYSTEM

THE HEART KEEPS THE LIGHTS ON

The electrical system within our land yachts are supplied and supported by the best, Victron Energy.

Every vehicle comes with a full solar array on the roof. The bigger the body, the more solar you get. Simple.

With low maintenance, remote access, and plenty of room for expansion, our systems provide the latest in lithium battery technology to keep your vehicle alive.

KEY BENEFIT

With worldwide support 24/7, the Victron Energy system is the obvious choice for your Motorcraft expedition vehicle.

AT A GLANCE

BUILT FOR REAL JOURNEYS

OFF-GRID

Leave the beaten track, create your own path. Purpose built for leaving civilization behind yet fit in well within an RV park. “You think you’re the coolest guy in the parking lot, then these guys shows up!”

CLIMATE

AC systems better than your house, underfloor heating, silent diesel air blown heating, windows and skylights. Take control of the temperature with ease, no matter where you are in the world.

WATER

With 3 different stages of water filtration, you can be confident your water is crystal clean regardless of which tap you’re filling from. Filters are easily changed and readily available throughout the world.

CONVENIENCE

With most functions within a click or a tap, the vehicles are built with ease of use in mind, leaving you to focus on your adventure that lays ahead. Expeditions want to create memories, not feel like a chore.

STORAGE

When you’re travelling for months at a time, sometimes full time, space to keep your belongings is crucial. That’s why every inch of space is utilised effectively, to carry everything you need.

CONNECTIVITY

With Starlink hardware and 5G antennas included in Motorcraft builds, staying connected within the most remote locations is easy. Allowing you to share your journey online, with family and friends.

LAYOUTS

DESIGNED AROUND YOU

Floor plan created by you. Fetched to life by us.

BRANDS

Kit matters. That's why Motorcraft only use the best quality brands and products within our Signature builds, such as this Mitsubishi Air-Con.

OPTIONS

CURATED CHOICES

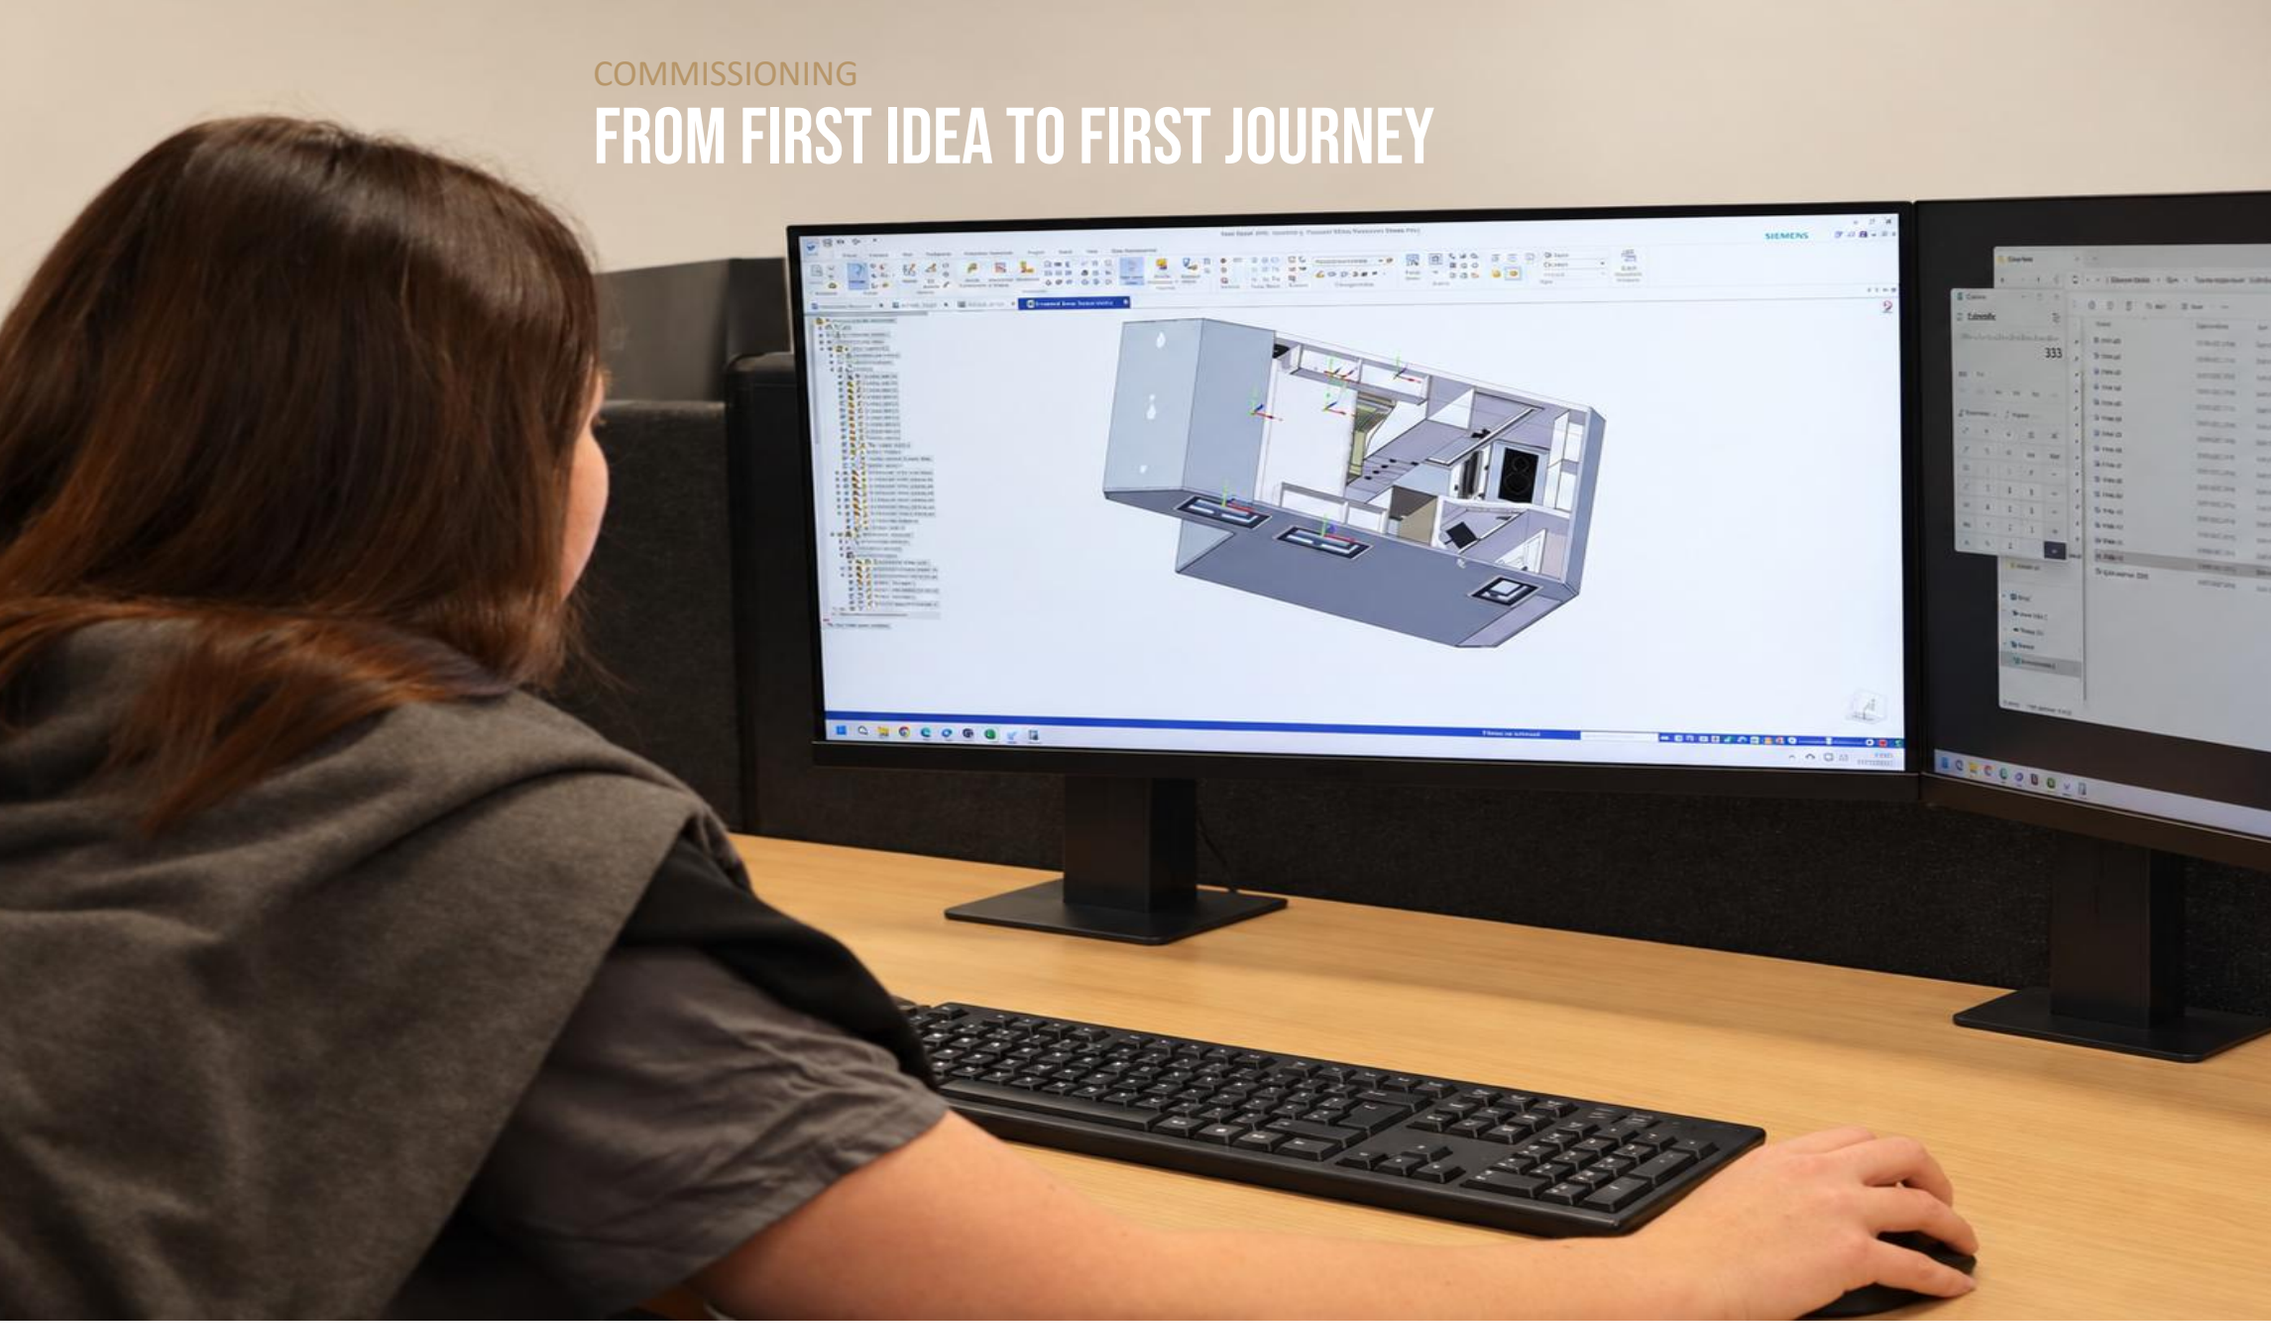
ELECTRIC AWNING

360° 24/7 RECORDING CCTV

CUSTOM FABRICATED PROTECTIVE RAILS AND LED FLOOD LAMPS

COMMISSIONING

FROM FIRST IDEA TO FIRST JOURNEY



DISCUSS & PLAN

Start the process by discussing your dream with our Sales team.

DESIGN & REFINE

Our expert design team take it from a thought to a visual.

MANUFACTURE

Our master craftsmen take the renders and build it into reality.

DELIVER

Finally, receive a fully comprehensive handover in a place that suits you.

MADE BY HAND

CRAFTED WITHOUT COMPROMISE

Each stage of a Motorcraft Signature build is carefully conducted using only the finest equipment and services.

Motorcraft's HQ is in the north of England. With a sixty thousand square foot manufacturing plant and forty full-time staff, ten independent departments work in parallel under one roof to create the best Land Yacht's in the world.

With Motorcraft being a one stop shop, Brand new chassis drive in bare and drive out as a complete Expedition RV.

Motorcraft USA bridges the pond between the UK and the U.S, it allows our great Expedition RV creations to be supplied and mounted to a full range of all American trucks.

Don't settle for other manufacturer's poor quality. You like luxury European cars, why should your Expedition RV be any different.

OWNERSHIP

SUPPORT FOR THE ROAD AHEAD

HANDOVER

The big day. We understand this can be an exiting day, but also a very technical and informational day. Our experts ensure the handover is as smooth as possible.

SUPPORT

During your ownership of your Motorcraft build, we provide technical support, whatever time of day it may be. Keeping your confidence in our products and services.

NETWORK

Make new friends on your travels. Get the opportunity to meet other Motorcraft truck owners and become part of the Motorcraft family.

WHERE WILL YOU GO FIRST?

Desert or Polar regions. Your Motorcraft Expedition RV will get you there in comfort.

“
